

Trace a Phone Number and Address in Canada Instantly at www.oncorp.com

OnCorp Direct Inc. announces the release of Skip Trace, a powerful search application that instantly traces the most current phone number and address available online for a person or company in Canada.

(PRWEB) September 26, 2006 -- OnCorp Direct Inc. announces the release of Skip Trace, a powerful search application that instantly traces the most current phone number and address available online for a person or company in Canada.

"Other phone directories are up to 90 days out of date and may return disconnected phone numbers," says Ms Rani Advani, CEO of OnCorp Direct Inc. "OnCorp's Skip Trace simultaneously searches the most current and relevant databases from several angles at once, and provides street-wide, city-wide and province-wide results in a concise report."

Credit collection companies and private investigators can gain significant benefits by using OnCorp's Skip Trace to automate the lookup process for their files. Reports are organized in a feature-rich index to help the repeat user achieve further efficiencies.

"This application certainly is a helpful addition to the conventional investigative resources," says Mr. Paul Lo, Director of Altech Investigations Inc. "It is available 24/7 for an affordable price."

Built on the CloserLook deep web search platform pioneered by CloserLook Search Services Inc., OnCorp's Skip Trace incorporates the same intelligent, efficient, and user-friendly features that have made all of OnCorp's search and registration applications so popular.
